- » Certifications will help you to cope better with the pressures of your role in your current job.
- » Certification provides you with a credible accomplishment that may be listed on your CV
- » Certification assures organizations that their staff have a common set of knowledge and terminology
- » CRM certification can enhance the competitive edge of CROs, Risk Managers, and other ancillary risk functions
- » CRM certified professional can speak the same language as other risk professionals worldwide and will be able to network with a more elite group of professionals across a variety of disciplines.
- » By completing certification in CRM, professionals gain a systemic and professionally valued approach to best practice methodology
- » Certification provides a platform for continuing professional education for risk professionals

## MISSION

To be the premier body in developing and sustaining best practices and high competencies in risk management in Nigeria.

## VISION

To facilitate the creation and sustenance of credible risk management practices; through proactive advocacy, capacity building, knowledge sharing, promotion of high professional standards and corporate governance.

## OBJECTIVES

- To do and otherwise engage in training, manpower development and indigenous capacity building in the field of risk management and to award professional certificates in risk management to persons that it deems fit and qualified;
- To establish and maintain an Association of financial and non-financial services providers, energy providers and individuals engaged in the management of financial, non-financial and correlated risks;
- To provide a centre for learning resource in risk management and for members to meet regularly;
- To promote and protect the interest of members of the Association in their conduct of business operations;
- To formulate and maintain standards of conduct for members and to encourage professional risk management practices;
- To provide facilities for the flow of information among members;
- To do and carry out studies, surveys, seminars, lectures, investigations, research and other forms of information and or in collaboration with other persons for the purposes of developing, reviewing and upgrading codes of practice and standards for risk management practice;
- To confer, consult, maintain, contact with and cooperate with any persons, associations, societies, institutions and bodies of persons established in Nigeria or elsewhere having objectives in whole or part similar to those of the Association in respect of matters within the objects of the Association;
- To collaborate as appropriate with government and other regulatory bodies in formulating policies pertaining to risk management practice;
- To establish a general fund through subscription and any other fund raising activities for the maintenance and promotion of research into risk management practices and related matters and in financing any of the objects of the Association;
- To promote and develop on behalf of members public relations programmes designed to inform the general public about the risk management profession and to give a proper appreciation of its functions and problems;
- To provide for research into risk management and kindred matters and to award professional risk management certification on its name or in partnership with other bodies to members and provide them with information on developments in professional thought and methods both inside and outside Nigeria;

## THE CHARTERED INSTITUTE OF BANKERS OF NIGERIA

### Vision

To be a global reference point for skills and conduct in the banking and finance industry

### Core Values

- Integrity
- Professionalism
- Innovation
- Ethics

### Objectives

- To be Africa's foremost and most influential professional body in the provision of capacity building in banking and finance industry.
- To broaden value-add and relevance and therefore membership base.
- To deliver through contemporary technologies, distinctive and excellent banking and finance professional certification; accreditation; and continuous professional development required for competence building.
- To support and assist members' lifelong education and career development needs throughout their entire service and beyond..
- To continue to provide leadership on research and intellectual discourse on emerging trends in banking and finance sector operation and regulations in Africa.
- To continually promote the institutional frameworks for supporting and maintaining ethics and professionalism in the banking and finance industry in particular and supporting the Government in creating a corruption free society while placing special emphasis on internationally acceptable standards of best practice.
- To focus on attaining sustainable learning and professional development through creative alliances and partnership with regulators, operators and other relevant agencies and service providers for mutual benefits.
- To make the Institute financially independent by ensuring that there is a balance in CIBN's funding sources.
- Development of staff - improve people management practices through competitive compensation structure and staff capacity building.
